

PERSONAL PLANETARIUM

PERSONAL PLANETARIUM

Dr. Stupid's Laboratory Build a Personal Planetarium

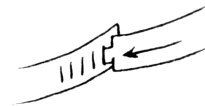

1. Paste this page to heavy cardboard.
2. Cut out along heavy black line.
3. With a pushpin, poke holes where stars (★) are marked.

4. Bend into curve to insert tabs A & B into slots A & B.

5. Insert headband strips. Fold tabs to insert, then unfold to lock.

6. Adjust headband to fit.

7. Stand in sun or under bright light.
